

Planting Possibilities volunteers and Campagna Academy students planting new crops during the 2017 growing season.

## Thankful For A Bountiful Year

Twice a year, I sit down and write to you about Planting Possibilities' accomplishments and activities over the previous six months, progress on our mission and our hopes for the future.

Our last newsletter highlighted the cast of volunteers that make our mission come alive day after day. As I reflect, I

am struck by the number of people and groups who support us in other ways.

So many people from different corners of our lives come together in different times and places to support us with their time, talents and treasures.

Although sometimes we might feel like a very small group taking on a very big job, we are, in fact, a very big group made up of all the people, organizations and companies that you will see mentioned in this newsletter and every newsletter we have published.

We are also those whose names you don't see in our newsletter – those who support us with their good wishes and their kind words of support, their “Likes” and shares on our Facebook, Instagram

and Twitter pages or their prayers for our success.

Some of those kind words of encouragement have come at exactly the right times – when I may have needed a little prod to re-energize! I cannot tell you how thankful I am that Planting Possibilities is made up of so many kind and caring people and companies.

In this Thanksgiving, Christmas and Hanukkah season we wish you all the warmth of your family and friends gathered around you and all the happiness a New Year can bring!

*Mary Anne Neiner*  
President, Planting Possibilities

# Planting Possibilities in the Community

## GOLF FOR POSSIBILITIES

For the first time in many years, we had amazing weather for our annual golf outing. Our golfers were greeted by wonderful registration volunteers who made sure everyone had a hot cup of coffee, donuts, and fruit.

After a picture perfect day on the course, we met up again in the clubhouse for lunch where there was an abundance of silent auction items to bid on and lots of door prizes to choose.

Our lowest scoring team, Bill Fox, Kurt Dietrich, Tom Dietrich and M.J. Larkin, graciously donated back their \$200 purse. Our oldest golfer, Mr. Bob Brakley (95), won the prize for closest to the pin. Of course, he has had the unfair advantage of nearly 50 years of practice!

We thank all of our generous sponsors and golfers for making this event not only a financial success, but a very fun day. We also thank our volunteers: the

Gergets and Patterson families and friends, Beth Ondas, Ruth Yothment, Marge Dytrych and Brad Hemingway for organizing such a nice event.

*Thank you to the donors and sponsors who made this event a success.*

## MUM SALE

Our fall mum sale was a beautiful day for picking out the colors for our fall gardens and porch pots. The colors were spectacular and the company was the best. This is the first year that we sold out, so we did not have mums available after that date as we have in the past. We'll order more next year! In the meantime, mark your calendar for **Saturday, May 19, 2018** for next year's spring geranium sale.

## ALSIP CHECK-OUT CHARITY DONATION

We were happy to be selected by Alsip Home and Nursery in St. John, IN as their check-out charity for the months of May and June. When gardeners were stocking up on spring and summer seeds, plants and flowers, they had the option of adding a donation to their purchase at checkout. Alsip Nursery's CEO, Rich Christakes and General Manager, Sharisa Eatinger presented a check for over \$2400 to Planting Possibilities' Executive Director, Mark Neiner representing the donations of generous customers.

Alsip Nursery in St. John, Indiana is also a site where our job trainees work with job coaches to develop their employment skills. We are very grateful to Rich for his ongoing support of our mission.

## CN ENGINEERING 2017 GOLF OUTING DONATION

Planting Possibilities was honored to be selected as the first charity to be the beneficiary of the CN Southern Region Engineering Golf Outing, held on June 22 at Cress Creek Country Club in Naperville, IL. The CN has supported Planting Possibilities each year through the "Railroaders in The Community" employee program. CN donates \$1000 to charities supported by 40 or more hours of volunteer time by a CN employee. The CN Engineering Golf Outing donated \$6300 to Planting Possibilities, representing the proceeds from this event. In an unexpected and overwhelming show of their support, many railroad suppliers attending the event made very generous donations as well. The suppliers pooled together a gift totaling \$7600. Their generosity is both humbling and very gratefully accepted!

*Along with the CN Engineering Department, we thank these donors:*

Contech  
ESCO Equipment Service Co.  
Encore Rail Systems  
Georgetown Rail  
Mr. Don Grabowski  
Harsco

Holland Co.  
Herzog Railroad Service  
Stella Jones  
LB Foster  
Natural Wood Solutions  
NORDCO

Patrick Engineering  
Rail Pros  
Right of Way Consultants  
RJ Corman  
Stanley Black & Decker  
Vossloh

A very special Thank You to Mr. James Hansen of The National Railroad Construction & Maintenance Association for inspiring the generosity of your colleagues.

## WHOLE FOODS COMMUNITY SHARING DAY

On October 14, Planting Possibilities participated in Whole Kids Foundation Family Fun Day at Schererville's Whole Foods Market. Marge Dytrych, Ruth Yothment and Mary Anne Neiner helped kids paint pumpkins in preparation for their Halloween festivities. It was messy, but fun!

Whole Foods provides ongoing support for our mission. If you live in Northwest Indiana, please consider shopping at Whole Foods in Schererville on Thursday, January 11, 2018 when Planting Possibilities will receive 5% of check out totals for that day.

## CHILI COOK-OFF

Once again, Planting Possibilities entered the annual Munster Chamber of Commerce Touchdown Chili Cook Off competition. As in the past, we were awarded Second Place in the People's Choice category as well as Second Place in Best Decorations category. Thanks to our inventive chefs, Bob Crist and Dave Lerner for creating this year's award-winning recipe. Special thanks to Brad Hemingway for his innovative booth design skills and to Eric Neiner for serving our yummy chili!

## Campagna Project Update

Our greenhouse, classroom and garden at Campagna Academy has been buzzing with activity! This year we grew tomatoes, peppers, sweet corn, and a myriad of other vegetables that we sold to Alsip Nursery's Farm to Table CSA Program. We also planted a small "salad garden" outside our classroom door where we grew a sampling of brussel sprouts, broccoli, okra and and sweet potatoes to use in classroom recipes. Our soil is improving each year as we add cover crops to fallow portions of our garden. The Town of Schererville supplies a few truckloads of fall leaves to add organics to our soil.

Our garden produced a bumper crop of cayenne peppers this season, and you can visit Pepino's Italian Restaurant in Schererville, IN to sample our peppers. Joe Daniele, owner of Pepino's, member of our Board of Directors, and coach for our Special Olympics basketball and softball teams, uses our pepper flakes at his restaurant — diners can find pepper shakers with Planting Possibilities stickers on each table. Tell us what you think of our peppers! We are also experimenting by canning some peppers in a brine to make our own hot sauce.

Over the winter, we are also experimenting with growing basil in our greenhouse for a local restaurant.

Complementing our horticultural programs, our volunteers work with Campagna residents who show an interest and ability to learn building maintenance and landscaping skills. We

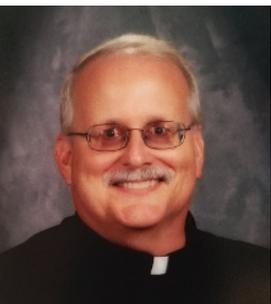

have trimmed trees, patched drywall, painted doors and repaired outdoor furniture with these young men. This is perhaps the only exposure they have had to using tools to perform routine repairs and maintenance in their everyday environments. Our hope is that they take and apply these skills as they move forward with their lives.

## AN UPDATE ON OUR LAND SEARCH

We are actively searching for 20 acres of land in Lake County, Indiana, for our permanent home. Please contact us with any leads.

## ARE YOU AN INDIANA STATE TAX PAYER?

Planting Possibilities is participating in the Indiana Housing and Community Development Authority's Neighborhood Assistance Program (NAP). Donations of \$100 or more are eligible to receive a **50% Indiana State tax credit**, with Planting Possibilities still realizing the entire amount of your donation! This is a win-win situation for you as an Indiana state taxpayer and for Planting Possibilities.

Your donation to Planting Possibilities	\$100	\$1000
Indiana NAP tax credit (50%)	(\$50)	(\$500)
Indiana state tax deduction (3.4%)	(\$3.40)	(\$34)
Federal tax deduction (28%)	(\$28)	(\$280)
<b>The actual cost of your donation</b>	<b>\$18.60</b>	<b>\$186</b>

### How it works:

Planting Possibilities was granted a limited amount of 2017 tax credits to "sell" on a first-come, first-serve basis to individuals and businesses alike. We are thrilled to announce that we have "sold" all of our 2017 allotment, but expect to be receiving additional credits in 2018.

If you are interested in lowering your Indiana state tax burden for the 2017 or 2018 tax year while maximizing your giving power, please consider making a substantial donation to Planting Possibilities. To qualify for participation in the purchase of NAP credits, the minimum eligible donation is \$100, while the maximum eligible donation is \$8,250. Contact us or ask your accountant for additional details.

*Our special thanks to Guru Systems, INC. of Munster for donating their mailing services.*

Planting Possibilities is an authorized provider of Vocational Rehabilitation Services (VR). Voc Rehab provides individualized services to enhance and support people with disabilities to prepare for, obtain or retain employment. The individual works closely with a VR counselor throughout the process. Through active participation in their rehabilitation, people with disabilities achieve a greater level of independence in their workplace and living environments.

If you know a person with a disability, or if you are a person with a disability, and would like to experience the pride you can feel through working, please contact Planting Possibilities to find out how we can help you achieve your employment goal.
